**1** Print speeds are based on the print engine speed only. Total throughput time for any print depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking. Actual print speeds will vary. | **2** All features of this system require an active Internet connection and the use of a supported browser. | **3** Ink pack yields vary considerably based on images printed, print settings, paper type, frequency of use and temperature. For print quality, a variable amount of ink remains in the ink pack after the "replace ink pack" indicator comes on. | **4** High-volume cutting of canvas and heavy media stocks may require frequent cutter replacement. | **5** For the latest drivers, visit [www.epson.com/support](http://www.epson.com/support) | **6** For convenient and reasonable recycling options, visit [www.epson.com/recycle](http://www.epson.com/recycle) | **7** SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency. | **8** See individual service plan for details. | **9** Product comes with a 1-year limited warranty with the option to purchase Extended Service Plans up to a total of 5 years of continuous coverage.
